

CANVAS

CANVAS

Introducing CANVAS, EQ Office's latest exploration in Costa Mesa. Formerly known as the South Coast Corporate and Executive Center, the name was inspired by the vibrant local arts community; instead of two office parks, we see our campus as a blank canvas that will be reinvigorated with personality. Here at CANVAS, you don't just fit into spaces, we fit spaces to you. Let your culture shape our environment. Learn more about how you can transform traditional with the CANVAS project.
